Time: 11:00

Welcome to the autumn stämma 2026! Here we vote on the following positions

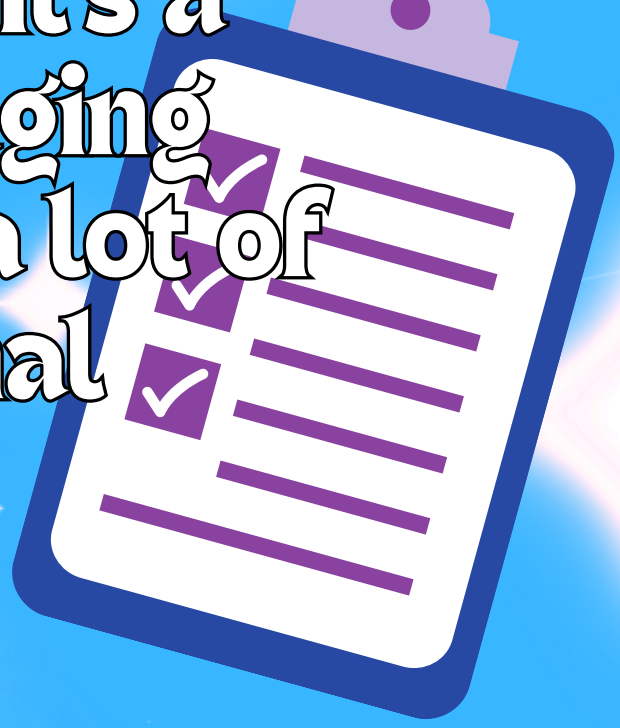
Vote vote vote

What you need:

- Student union membership
- Physical identification

Event chairman

As event chairman you get to plan a lot of large and fun events. On top of which you go to meetings and discuss with all sections event officers to find ways to improve events or propose large joint events. It's a fulfilling and engaging position that leaves a lot of room for personal expression.



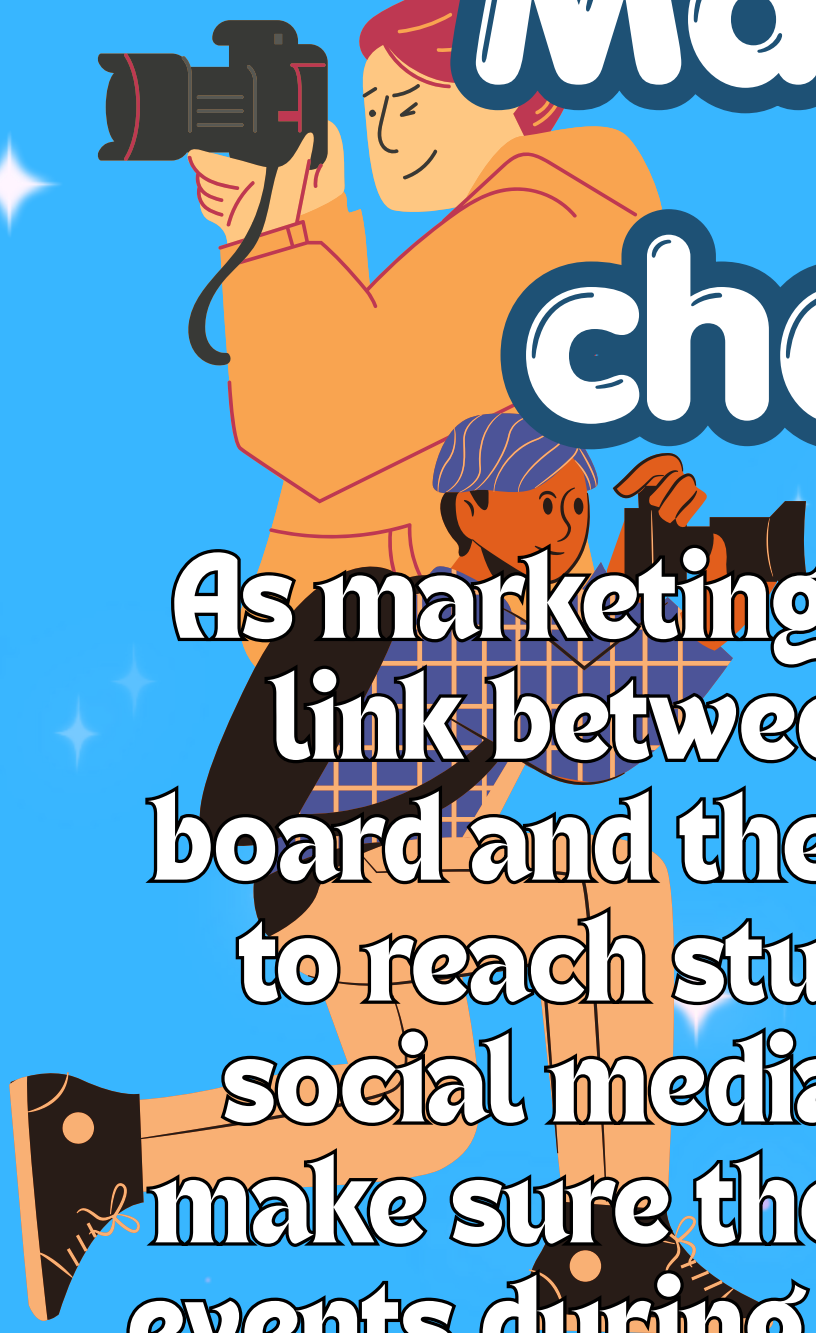
Labour market chairman

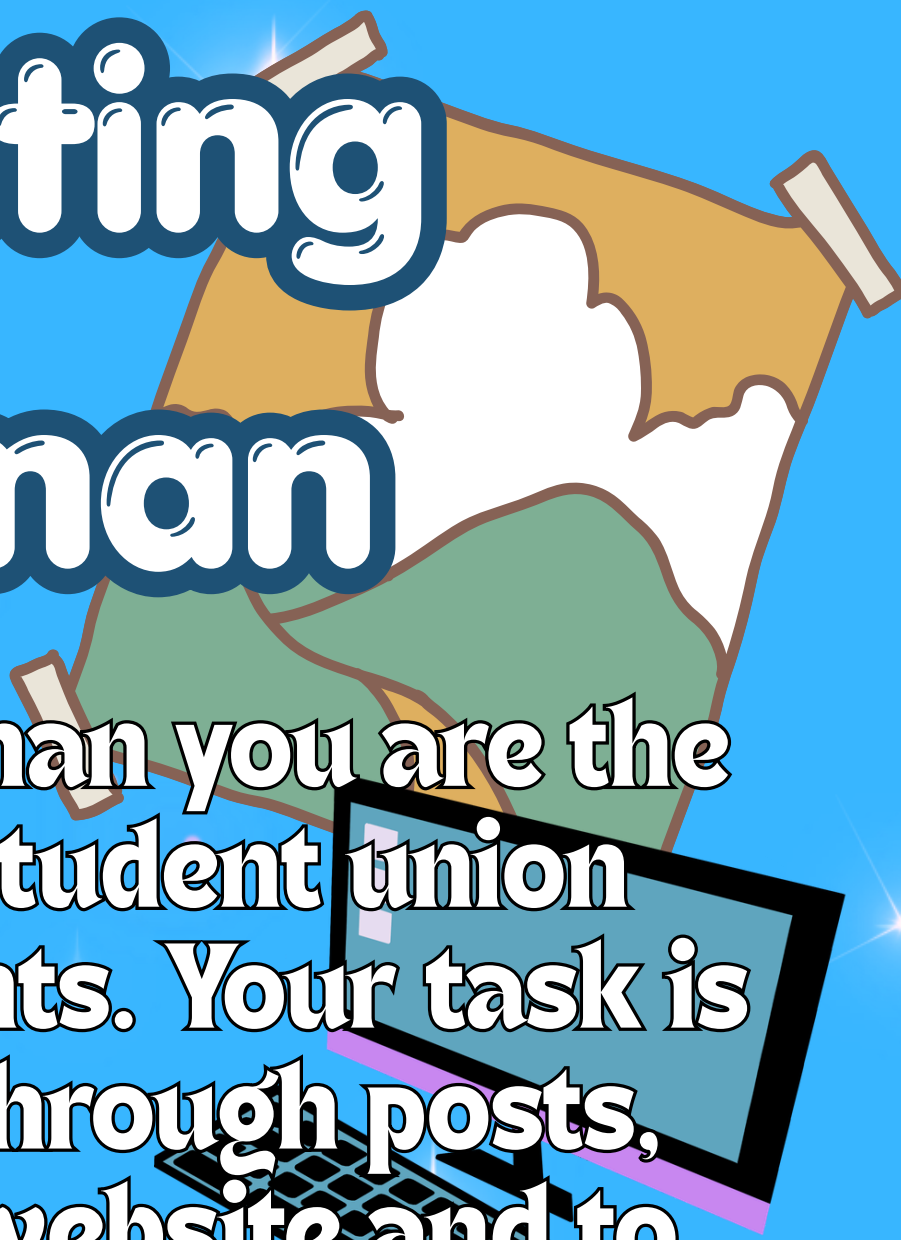
Being the Labour Market Chairman allows me to act as a bridge between students and companies. Through this role, I am able to get students benefits such as discounts , company collaborations, and networking opportunities.

Intro general chairman

The introgeneral makes sure that we can create a great intro for all our students. You are the main leader for intro that keeps the communication going between the student union board (that you are part of), the university and all the sections and associations under the student union. You make sure everyone is on the same page and that everything goes smoothly in the planning for intro as well as during the autumn and spring intro. It's a great position for someone that likes multitasking and working on several parts of a project at the same time!

Marketing chairman





As marketing chairman you are the link between the student union board and the students. Your task is to reach students through posts, social media, our website and to make sure the students know about events during the year. Your are also the one that creates all the marketing for the introductions at the beginning of the school year, you bring students to events, the annual stämma and to the student union in general.
