MANATORSK

When is my first day?

The date for the first day varies depending on which program (or course) you study. The best way is to check the Universities webpage called Studentportalen to stay up to date!

Webpage: student.his.se

Feeling lost?

Look for a bright PINK shirt

These people are your buddies!

A Buddys responsibility is to be there for you as a new student. From getting around the campus to answering questions.

WHAT IS HAPPENING THE UPCOMING WEEKS?

During the first few weeks we at the student union hold a lot of events that are meant for you to meet new people. These are not mandatory to attend, but we highly encourage you to join!

FOLLOW THESE ACCOUNTS TO STAY
UPDATED WITH THE EVENTS

WHAT DOES THE STUDENT UNION DO? (OTHER THAN EVENTS)

We, the student union is an organization that is there for you as a student during your studies. We monitor and review your education.

What does this mean? It means if you got any complains regarding:

- A Teacher or a course
- Your education
- The study enviroment
- Discrimination

You can contact us! It's free and under secrecy, which means you can be anonymous. And you don't have to be a member of SiS to send us a mail!

WE ARE LOCATED IN THE
F-BUILDING ON CAMPUS

WHO IS PART OF THE STUDENT UNION?

We're quite a big organization that is divided into smaller structures which we call **sections**. You usually are assigned based on what you're studying, unsure where you'll be assigned to? Check out this chart, to give you an idea!

HISTEK

Engineering & foundation
year / semester

Safir

HR, Personell & Organization and, Information technology students
Economics students

SKILLS

and game development
students

SköSjuk

Nurses, Social psychology &
Public health students

Vitae

Biosciences, Teacher & "Ekologi och
Hållbar utveckling" students

The sections usually hosts more events targeted to those students in said section. But just because you're in one section, doesn't mean you can't attend another sections events!

WHO IS PART OF THE STUDENT UNION?

We also have something called associations and project groups, these tend to be more focused on hobbies! Anyone is free to join these regardless of section!

International Committee

The international committee is a project group designed to create a safe and inclusive environment for all international students, regardless of section.

Atlas² Skövdespexet

Atlas2 is the performance arts association, where students create plays and musicals from scratch. All roles are played by students including scriptwriters, directors and more.

Studenternas Musik förening i Skövde

SMS is the Student Union's music association, where you can play in various bands and collect, produce music or sing in a choir with fellow students!

WHO IS PART OF THE STUDENT UNION?

Thrills

Thrills* is a project group that focuses on outdoor life! Instead of sitting inside and studying! They want to create a variety in the students' lives and show how wonderful it can be in our beautiful country!

CHILLS

CHILLS is a project group that has a book club* as well as a movie club that showcases a movie around 3 times a month!

GILLS

GILLS is a project group that has their focus on video games! Each month the GILLS decides to pick a cheap game to play for the month, to later on discuss. They also occasionally hold Games Jams!

*Thrills & Book club is technically under SKILLS which is why they are linked to SKILLS discord. But you are still welcome to attend their events!

Skövde Sexmästeri

Skövde Sexmästeri (SköSex) is a student run organization that arranges themed sittings, club nights, and pub nights together with different student sections. All students are welcome to join and get involved.

Kårhuset Boulogner

Kårhuset Boulogner (KB) is a student-run pub, club and venue, open every Wednesday and Friday with themed open nights. It's operated entirely by student volunteers and run by Skövde Sexmästeri.

THE STUDENT ATTIRE

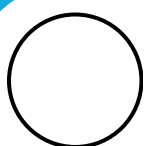

The Overall “Ovve”

The “Ovve” is an overall worn by the university students in Sweden. It’s considered to be one of the main characteristics of a student. It is often personalized with sewn on patches from different events, sections and associations.

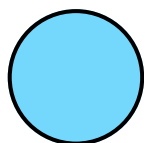

Some students cut their ovve up and sew them back together with new parts to symbolize important relationships with students and programs.

- Collars = A relationship
- Pockets = Exchange of Body fluids
- Part of an arm or leg = Friendship
- Half of an ovve = Change of section
