

**Background:** The Sexmästeri-board is one of SiS' executive bodies and decides on all matters concerning Skövde Sexmästeri's operation, inventory and Kårhuset Boulogner. Election of a new Sexmästeri-board occurs at an annual Grand Meeting where currently the Nomination Committee under SiS has the responsibility to make suggestions on candidates for every post in the Sexmästeri-board. It is the current Sexmästeri-board's and the opinion of the Sexmästeri's Grand Meeting that the Nomination Committee lacks insight in the operations of Skövde Sexmästeri to make an educated decision on who to nominate. Members of Skövde Sexmästeri work alongside each other throughout the year and therefore possess more nuanced knowledge of its candidates. Furthermore, the Grand Meetings have a tradition of rejecting the Nomination Committee's suggestion in favor of its own nomination process as well as direct nominations during Grand Meetings. This to ensure that the Grand Meeting can directly ask the nominees relevant questions, thereby strengthening the argument to elect the nominee.

**Motion:** To remove the responsibility of the Nomination Committee to make suggestions for the Sexmästeri-board under Regulations for SiS Nomination Committee, Chapter 1, §1.
