

Decision A: Changes to “Reglemente för SiS Valberedning

Background: During the autumn annual meeting, the proposition titled “Bylaw Changes” was approved for a second time. However, during the spring, the Student Union Board noticed that the document “Reglemente för SiS Valberedning” was not included in the proposition and, as a result, was not updated.

This has led to inconsistencies between governing documents, which has created challenges for the Student Union in maintaining clarity and coherence in its operations.

The purpose of the decision:

To change the “Reglemente för SiS Valberedning” so that it follows the newly updated bylaws.

The student Union suggests to the meeting:

To: approve that the Student Union Board changes the “Reglemente för SiS Valberedning” so that it follows the newly approved bylaws and reglementen.
