

## **Proposition: Lower bundleprice for HISTEK budget year 16/27**

**Datum:** 2026-04-16

**Background:** This year, the HISTEK board has ordered their overalls separatly from KS. This is because the overalls are purchased from a different supplier and are not pre-colored. As a result, the cost of these overalls is significantly lower than those purchased by the other boards within the Student Union. The purchase cost for HISTEK's overalls is 259 kr (excluding the cost of printing the logo).

The current bundle price is aligned with the pricing used by the other sections. However, due to HISTEK's lower purchase cost, this has raised concerns within the board. Maintaning the same bundle price would result in a very high margin. As an non-profit organization, it is important that our pricing is matching the actual costs and it doesn't feel fair to student to maintain the same price.

**To:** Approve that HISTEK use a reduced bundle price of 1050 kr instead of 1200 kr
